

B12 AND CH21 KIT

XSC LITHIUM POLYMER RECHARGEABLE BATTERY & CHARGER

DESCRIPTION

B12

CH21

Specifically engineered to fuel the SureFire XSC micro-compact weaponLight series, the SureFire B12 is a quick-detach, rechargeable lithium polymer battery that can be swapped fast without removing the XSC from the host pistol. The compact B12 powers the 350-lumen XSC for up to 30 minutes. Its charge status can be checked quickly by pressing the push-button fuel gauge switch located on the side of the battery and observing the green, yellow and red LED indicators.

The SureFire CH21 Battery Kit provides quick and easy charging capability for the B12 battery. The dual-bay CH21 cradle charger can charge two B12 batteries simultaneously. Charge time for two batteries is up to 3 hours, and the charger's included MICRO-USB to USB cable allows users to select multiple power sources, including a wall charger adapter, a vehicle's auxiliary USB input or power port socket (adapter may be required), or a power bank. Every CH21 kit also includes a spare B12 lithium polymer battery. Charging status can be monitored via the B12's fuel gauge.

SPECIFICATIONS

B12 [XSC BATTERY]	RATING/PERFORMANCE
TYPE	Lithium Polymer w/PCM and fuel gauge
VOLTAGE	3.7 V
CERTIFICATION	UN38.3
CHARGE END VOLTAGE	4.2 V
DISCHARGE END VOLTAGE	2.7V
ENERGY	0.74Wh
LITHIUM CONTENT	0.06g
OPERATING TEMP RANGE [CHARGING]	0-45° C
OPERATING TEMP RANGE [DISCHARGE]	-10-65° C
RATED CAPACITY	200mAh
STANDARD CHARGE RATE	0.5C
STORAGE TEMP RANGE	-10-45° C
USB CHARGE CURRENT	100mA
USB CHARGE VOLTAGE	5V
WEIGHT	0.4 oz (11.5 g)

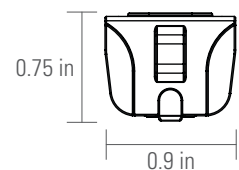

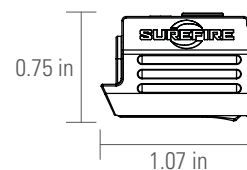

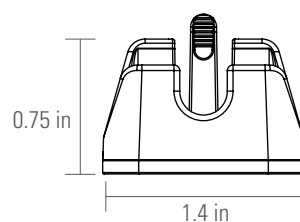

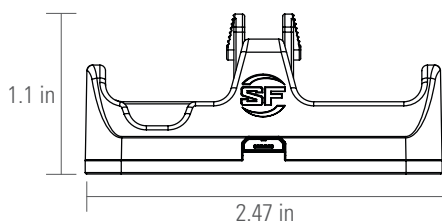

FEATURES

- The B12 lithium polymer battery is the genuine SureFire power source for the XSC WeaponLight
- Quick-detach, rechargeable B12 can be changed without removing the XSC from the host pistol
- LED Fuel Gauge provides instant battery charge status via three white LED indicators
- CH21 cradle charger can charge two B12 batteries at once when connected to a power source using a USB cable
- The CH21 cradle charger includes a spare B12 and a MICRO-USB to USB cable to help keep your XSC at the ready
